Metwall

Garden/Planter Rings

Metwall's range of Garden Ring planters are crafted from 3mm thick Steel. A bold, sculptural statement for any outdoor space.

Package Inclusions

- Rings are finished in sections and bolt together using basic hand tools
- Each section is precision laser cut and folded with holes predrilled to perfection guaranteeing perfect alignment
- Supplied with all hardware — no unnecessary trips to buy screws, rivets or drill bits
- Sectional design fits into almost any vehicle, saving you delivery costs
